- “Public work” shall also mean construction, reconstruction, demolition, alteration, or repair work, done on any property or premises, whether or not the work is paid for from public funds...”

The form is available online at [https://www.nj.gov/labor/wagehour/regperm/pw\\_cont\\_reg.html](https://www.nj.gov/labor/wagehour/regperm/pw_cont_reg.html).

**ARTICLE IV**  
**Significant Public Building Construction Contracts Requirements**

§ 98-30. Preamble.

The City of Perth Amboy (the "City") has experienced considerable difficulties in securing qualified and reliable contractors and project professionals to complete and oversee significant construction projects in a timely and workmanlike manner, consistent with the terms and specification of the publicly awarded contract, thereby resulting in delays and cost overruns that have been detrimental to the residents of the City.

The City recognizes that there is a need to impose greater controls over significant public construction to ensure that the work is performed by responsible, qualified firms that maintain the capacity, expertise, personnel, and other qualifications and resources necessary to successfully perform and oversee public contracts in a timely, reliable and cost-effective manner.

In order to effectuate the purpose of selecting responsible contractors and project professionals for significant public contracts and to protect the City's investments in such contracts, prospective contractors, subcontractors and project professionals should be required to meet pre-established, clearly defined, minimum standards relating to contractor responsibility, including requirements and criteria concerning technical qualifications, competency, subject matter expertise, adequacy of resources, including equipment, financial and personnel, and satisfactory records regarding past project performance of similar magnitude, as well as safety, law compliance and business integrity.

Due to the impact that skilled construction craft labor can have on public works projects, it is advisable to require contractors and subcontractors to participate in established, formal apprenticeship training programs as a condition of bidding, for the purpose of both promoting successful project delivery and encouraging fair business, employment and training practices that can have a positive impact on local communities affected by such contracts.

Due to the impact that Construction and Project Managers, Architects and Engineers ("Project Professionals") can have on the timely, economical and proper completion of significant construction and maintenance contracts, it is advisable to require that such individuals and entities demonstrate the necessary qualifications, experience and financial capacity to competently perform the required contract services.

**§ 98-31. Contractor requirements established.**

The following shall be required of all contractors bidding and submitting Responses on significant public building construction contracts within the City of Perth Amboy and all project professionals seeking contracts to assist or oversee significant public building contracts:

- A. The City shall require compliance with the provisions of this Article by business entities seeking to provide services to the City as specified herein. The requirements of this Article are intended to supplement, not replace, existing contractor qualifications and performance standards or criteria currently required by law, public policy or contracting documents. In the event of any conflict between this Article, any other laws, public policy or contracting documents, the stricter provisions thereof shall apply, to the extent permitted by law.
- B. All construction contractors and subcontractors ("firm(s)") that perform work on any significant public work project, including building construction, alteration, or renovation, work, shall meet the requirements of this Article. For the purposes of this Article, "significant public work" shall be that which has a contract value of three hundred thousand dollars (\$300,000.) or more.

If the certifying entity or individual cannot confirm the accuracy of each of the following criteria, it may submit a statement of explanation on the City form and the governing body may evaluate those circumstances and, in its sole discretion, waive a particular criterion for good cause shown. The governing body's decision to exercise or not exercise its discretion to waive a criterion of this paragraph shall not be a basis to challenge the decision to award or not award a contract.
  - (1) The firm has all valid, effective licenses, registrations or certificates required by federal, state, county or local law, including but not limited to licenses, registrations or certificates required to do (i) do business in the state; (ii) to do business in the City; and (iii) perform the contract work it seems to perform. These shall include, but not be limited to licenses, registrations or certificates for any type of trade work or specialty work which the firm proposes to self-perform.

  - (8) The firm has not within the past seven (7) years been found in violation of any law applicable to its contracting business, including but not limited to licensing laws, tax laws, prompt payment laws, wage and hour laws, prevailing wage laws, environmental laws or others, where the result of such violation was the payment of a fine, back pay damages or any other type of penalty in the amount of one thousand dollars (\$1,000.) or more.
  - (9) The firm will pay all craft employees that it employs on a project the current wage rates and benefits as required under applicable federal, state or local prevailing wage law under the Act.
  - (10) For a public works project with a contract value of two million dollars (\$2,000,000.) or more, the firm participates in a Class A Apprenticeship Program for each separate trade or classification in which it employs craft employees and shall continue to participate in

such program or programs for the duration of the project. For purposes of this section, Class A Apprenticeship Program is an apprentice-ship program that is currently registered with and approved by the U.S. Department of Labor or the New Jersey Department of Labor and has graduated at least one (1) enrollee in each of the past three (3) years (if the program has been in existence for three (3) years; this requirement shall not apply until the program has been in existence for three (3) years, at which time compliance shall be required.)

- (11) For a public works project with a contract value of two million dollars (\$2,000,000.) or more, the firm will have on site at all times an employee with a minimum of ten (10) hours of OSHA training.

If the certifying entity or individual cannot confirm the accuracy of each of the following criteria, it may submit a statement of explanation on the City form and the governing body may evaluate those circumstances and, in its sole discretion, waive a particular criterion for good cause shown. The governing body's decision to exercise or not exercise its discretion to waive a criterion of this subsection shall not be a basis to challenge the decision to award or not award a contract.
- I. The City may undertake a review process to determine whether the prospective awardee is a qualified, responsible contractor or project professional in accordance with the requirements of this Article, and other applicable laws and regulations and has the resources and capabilities to successfully perform the contract, including bank references of financial stability.
- J. The City may conduct any additional inquiries to verify that the prospective awardee and its subcontractors have the technical qualifications and performance capabilities necessary to successfully perform the contract and that the firms have a sufficient record of law compliance and business integrity to justify the award of a public contract. In conducting such inquiries, the City may seek relevant information from the firm, its prior clients or customers, its subcontractors or any other relevant source.

### AMERICANS WITH DISABILITIES ACT OF 1990 Equal Opportunity for Individuals with Disability

The Contractor and the Owner, do hereby agree that the provisions of Title II of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. S121 01 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant there unto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim, If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the *owner shall* expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.
